The maximum print resolution has a resolution of 1200 dpi and a maximum service cycle of 10,000 pages per month. In addition, Necessity: Samsung ML-2165W Driver Download for Windows USB and Wireless Samsung Printer Language (SPL) 32MB RAM 300 MHz Processor 8.5 Seconds First Page 1200 x 1200 dpi Print Up to 20p Mono Print 150 Leaf Entry Tray Single Button WPS Connect Diminutive Size Genuine Black Samsung 101 Toner Cartridge - (MLT-D101S/ELS) 2.9p per page - 1500 pages Genuine Black Samsung 101X Toner Cartridge - (MLT-D101X/ELS) 4.3p per page - 700 pages Compatible Black Samsung 101 Toner Cartridge (Replaces MLT-D101S / ELS Laser Printer Cartridge) 1.3p per page - 1500 pages Original Samsung SU706A Black Light User Toner Cartridge with 4.13p per page - 700 pages Mac OS 9 Mac OS X 10.0 Kodiak (beta) Mac OS X 10.0 Mac Cheetah OS X 10.0.1 Puma Mac OS X 10.10 Yosemite (Syrah) Mac OS X 10.11 El Capitan (Gala) Mac OS X 10.2 Jaguar Mac OS X 10.3 Panther (Pinot) Mac OS X 10.4 Tiger (Merlot) Mac OS X 10.4.4 Tiger (Chardonnay) Mac OS X 10.5 Leopard Mac OS X 10.6 Snow Leopard Mac OS X 10.7 Lion (Barolo) Mac OS X 10.8 Mountain Lion (Sinfandel) Mac OS X 10.9 Mavericks (Cabernet) macOS 10.1.2 Sierra (Fuji) macOS 10.12.10.13 High Sierra (Lobo) macOS 10.14 Mojave (Liberty) macOS 10.15 Catalina This section will show you how to properly install the Samsung ML-2165W printer driver on your computer, Mac OS/macOS in the absence of a mounting drive. First, make sure the printer is compatible with the Mac OS/macOS version currently running on your device. Details of this can be found in the printer's guide. Get on the printer manufacturer's website to discover supports for the model you have. Go to the printer section on the manufacturer's website. If things get too complicated for you, just in the Samsung printer model you have. Find the link provided on the page to download the software required by the Samsung ML-2165W printer you have. Click on the download link to start the download process automatically. If necessary, determine the location on your computer to save the downloaded software later. Wait until the download starts. Go to the download folder and double-click on the downloaded file. Look for the settings file (usually in DMG format) and double-click to run it. Further instructions will be given on the screen. Make sure you follow all the instructions. Connect Samsung ML-2165W ML-2165W to apple's computer. Use a USB cable to check if your computer recognizes your Apple printer. Also, connect the two via Wi-Fi, but make sure your computer and printer are connected to the Internet properly. Your Samsung ML-2165W printer should be readily available to date. Complete all the processes of Apple's Samsung printer drivers, get access to the activity monitor. Go to Launchpad, find utilities, and an open activity monitor. Select all processes from the drop-off menu and select all processes related to Samsung's Apple Printer Drivers. Click the Process to Get Out option and select Fast. Use the shopping cart to remove the Samsung Printer Drivers app. Go to Finder and remove everything related to Apple Samsung Drivers printer. Remove Apple Samsung Printer Drivers completely by emptying the cart. Download the MacRemover app and drag its icon into the app folder to install it. Start the app and select Samsung's Apple Printer Drivers. Click The Eye Analysis. Find the files of Apple's Samsung printer driver folders. Choose a complete deletion and select Yes. First, connect the USB cable to the USB port on the Samsung ML-2165W printer, and then connect the other end to your Mac. Once your connection is complete, open the wireless setting with the Wireless Setting app. The installation screen shows the home page of Samsung Easy Wireless Setup. Then click further to start setting up. Choose a wireless customization method. For the initial setup with the Samsung ML-2165W printer is not connected to the network, select the use of the USB cable option, click Next to continue. Temporarily connect the Samsung ML-2165W printer to your Mac/Apple computer if you haven't already, and then press Next. The installation master searches for any connected devices and extracts wireless information. There is a list of wireless networks that can be seen on the Samsung ML-2165W printer. Select the network and then click Next (Wireless Network Security Dialogue appears). Enter the security key (WPA/ WPA2/ WEP) in the network password: field and click Next. Wait for the printer to be connected to the network. There is direct Wi-Fi information. If you want Wi-Fi Direct to turn around to make sure the flag is selected, and enter the password. After the selection, click Next to continue. The tip shows that the connection is complete. Click on or finish to continue. The setup is complete. Go to print and scan in system preferences to see the Samsung ML-2165W printer. Click here to download the latest driver for the Samsung ML-2165W printer To choose the right version of Mac OS (10.11/ 10.12/ 10.13/ 10.14) for Mac O.S 10.15. You can choose Mac OS 10.14 or 10.11 or 10.13 or later Download the samsung driver ML-2165W printer After that, open the folder were located from the download file and click to open the driver file if you get the following error when it starts, the gatekeeper must be temporarily disconnected. You need to open the terminal terminal Spotlight Enter the command: sudo spctl--master-disable Enter the correct password and start the printer driver with an extension.pkg again. After installing the print driver, simply open the Samsung ML-2165W Driver with the following folders, and then install the following PKG drivers (ICDM, ScanThru): The ScannerDriver 'gt; Mac_Installer MAC_ICDM zgt; ICDM.pkgDriver's Mac_Installer ggt; MAC_TWAIN in the ScanThru.pkg After installing the drivers, you can go to the preferences of the system's printers and scanners and add the printer by clicking on the button plus the zgt; Add the printer or scanner to the Samsung ML-2165W Make sure to choose a specific driver rather than AirPrint, where it says USE Now that Samsung ML-2165W printer has been added, you should be able to print or scan. If you'd like to scan, go to the system preferences of the printers and scanners of the zgt; and select the Scan Turn-in gatekeeper (Mac security): Open the terminal from the spotlights typing team; sudo spctl--master-turn-enter password Note: Click the view at the bottom of the table for details.
